Dear Sir/Madam

Re: Snowsfields Yard - External Wall Survey

Please find enclosed the EWS1 form following a recent survey by Tri Fire. Also attached is their covering letter and intrusive survey report. Please ensure you keep these documents safe as you will need them if you want to sell your apartment or are re-mortgaging.

The EWS1 form provides a B1 rating which confirms that although there are combustible materials in the external wall makeup, these are low risk, and no remedial works are required.

Please do not hesitate to contact me should you have any queries.

Yours sincerely,

Joe Starkey
